Speakers for General Meetings

We have seen that a guest speaker results in more attendance for general member meetings, so this is a call for ideas for the kinds of topics that our membership is interested in hearing more about. Examples of potential subjects and speakers are the Junior SHS ROTC captain of the rifle team, to talk about the value of participating in the program; or the Washington State Department of Fish and Wildlife hunter education coordinator, to talk about the value of hunter's education to hunting participation and safety while hunting.

Maybe you have an idea for a speaker that could be added to the calendar!

Please submit any suggestion for subject or specific individual(s) to any MCSA Board Member for consideration. We want to hear from you!
